BUFFALO AND CHICAGO LINE OF STEAMBOATS.

Lady Elgin,	Hendrick Hudson,	Sultana.
Louisiana,	Globe,	Wisconsin.

The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois and other Western and South-western States to the superior facilities of their line for transportation to, and from, the ports on the Upper Lakes. The above line of Steamboats runs direct to our Dock at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by *Steamboats*, (not Propellers) with but one, or possibly two exceptions. The Eckford is the only Line not interested in, or committed to, a Propeller Upper Lake Line; and in endeavoring to sustain a line of *Steamboats* on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, when interest demands the continuance of a line of such a class of Boats. Boats leave New York and Buffalo daily.

Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Briar Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

Citizens of Milwaukee and vicinity, to be convinced of the truth of my assertion, and have their Horses properly attended to, so as not be maimed, interfere, &c., had better call and examine for themselves, for they will have their work done as I say, and at $1 per set for Plain Shoes; Extra Shoes $1.25; Bar Shoes $1,00 per pair; Sandals $2.50 per pair; and all other work to suit the times. THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
DOUBLE OVEN COOKING STOVE,
(*Which received the First Premium at the State Fair, lately held at Janesville,*)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

MILWAUKEE DAILY SENTINEL.

NEW SERIES.

Wisconsin State Agricultural Society.

REGULATIONS FOR 1852.

In presenting the *Premium List* for 1852, the Executive Committee would call the attention of the citizens of the State to the numerous additions which have been made to the list of premiums. Such changes and additions as the experience of the last year has suggested as important and necessary, have been adopted, and they are assured will meet the approbation of exhibitors.

Forage for Stock.

For the convenience of exhibitors, forage, consisting of hay, oats, corn, and straw (for litter,) with water, will be supplied upon the grounds, without charge, so that animals, on their arrival, may be driven to the Show Grounds, and need not be removed till the exhibition is closed. Grain will also be furnished for swine and poultry. This arrangement will save great inconvenience and no inconsiderable expense to exhibitors.

Sale of Stock, Implements, and Grain.

The extensive sale of improved stock, implements and grain, which may take place if an opportunity is offered, has induced the Committee to make this an additional feature of their annual show, and thus constitute it a *Fair*, for the purchase of stock, implements, &c. Many choice animals will be presented for sale, and it can not be doubted that an opportunity will be afforded to those who are desirous of making selections from different breeds of animals, or improved implements and machinery, that will be in all respects satisfactory.

The sale will take place under the direction of the Society, on *Saturday*, the 9th of October, beginning at 10 o'clock A. M. Such articles and animals as the owners desire to sell, must be entered with the Secretary at the business office, in a book kept specially for that purpose, and which will be open for the inspection of the public throughout the Fair.

Regulations for the Fair.

Members of the Society, and all who may become such, at the time of the show, by the payment of $1 to the Secretary, will be furnished with *Badges* or cards of membership, which will admit the person and his wife and children under 21 years of age, to the exhibition at all times during the continuance of the Show.

Single tickets, 10 cents, *admitting one person*, will be ready on Thursday morning, at the Treasurer's office, at the Show Grounds.

Members will be allowed to enter in carriages with their families, on their first procuring a carriage ticket at the ticket-office, for which fifty cents will be charged—*but no hacks or other public conveyances will be permitted to enter, except when the inmates are members of the Society, without paying* ONE DOLLAR *for each entrance, and the inmates furnishing themselves with tickets.*

Special Attention

Is desired from *Exhibitors*. The days selected for the Fair, are Wednesday, Thursday, and Friday, sixth, seventh, and eighth days of October.

Exhibitors must become members of the Society, and have their articles and animals entered on the Secretary's books, *not later than* NINE O'CLOCK, A. M., on Wednesday, October sixth; and all articles and animals must be brought within the enclosure as early as *twelve o'clock Wednesday noon*, in order that they may be suitably arranged. The Executive Committee do not wish to shut out any article or animal from competition for premiums, *but justice to the Officers and Judges as well as those who comply with the rules of the Society, demands that these rules must be rigidly enforced.*

Persons are desired to forward to the Secretary previous to the sixth day of October, their entries, which will greatly facilitate the business of the Show, and for this purpose the books of entry be opened at Madison, on the first of September, and remain open until the 18th of September, when they will be opened at the city of Milwaukee, for the purpose of receiving entries.

Entries *must* contain the exhibitor's *name* and residence, and the *name* of the animal offered, or its description, and may be in this form:

Name and Residence of Exhibitor.	Animal or Article entered.
JOHN THOMAS, Madison, Dane Co., Wis.,	1 Durham Bull, over four years old, named "Star." 1 Stallion, over four years old, named "Sir Harry." One Native Cow, Red color, over 4 years old. Six middle wooled Ewes, over 2 years old, "South downs." Six Hand Rakes.

No particular form, however, need be observed, if the entry contain the information above required.

Members of the Society only will be admitted to the grounds on Wednesday.

☞ On *Thursday*, the grounds will *be opened to the Public*, and continue open for *two days*. Single tickets *admitting one person*, ten cents. Members' tickets, $1, which gives admission during the entire Fair.

Competition from without the State.

The premiums for Essays, Agricultural implements, Manufactures, other than Domestic, Machinery, Miscellaneous and Discretionary Articles, as well as Stock, will be open to competitors out of the State.

Requirements from Competitors.

Particular attention is solicited from competitors to the regulations for Sheep, Farm Implements, Dairy, Sugar, Grain, and Seeds, Domestic Manufactures, Needle, Shell, and Wax Work, Fruit, and Paintings; as no premiums will be awarded until those rules are fully complied with.

Exhibitors who have several articles designed for exhibition, will save much inconvenience and trouble by having lists of their articles made out in writing, which they can hand to the clerks at the time of making the entry. The attention of exhibitors of Stock, Farming implements, Domestic Manufactures, Fruits, and Flowers, is especially called to this provision.

Plowing Match.

The plowing match will be held on the Fair Grounds within the enclosure, on Thursday, October 7th, at 10 o'clock, A. M. The competitors for premiums in this class must become members of the Society, and have their names, teams, and the kind of plow to be used, entered on the Secretary's books, by 9 o'clock on the morning of Wednesday October 6th.

Instructions for the Judges, and for the Superintendents of the different Departments.

The Judges are requested to report themselves to the Secretary, on their arrival, at the business office at the Show Grounds.

They are desired to meet at the Society's tent, on the Show grounds at 12 o'clock, on Wednesday, October 6th, when the books of entries will be delivered to the Judges, (after the vacancies are filled) who will then proceed to decide upon the merits of the different animals and articles submitted to them, reference being made to the numbers affixed to each.

It is expected that the Superintendents will take particular direction of all articles in their respective departments, and see that all such articles are arranged, as near as may be, in numerical order, for their easy approach and examination.

The Superintendents will attend each set of Judges, point out the different articles or animals to be exhibited, will attach prize cards to the successful animals, or articles, after they shall be notified of the same by the Secretary, on the evening of Thursday, or the morning of Friday.

The Judges will report not only the animals entitled to premiums, but also those next in merit in each class, to meet the contingency of any objection which may arise to the awards. Any animals which in the opinion of the Judges deserve a special commendation, will be so reported to the executive committee.

The Judges on animals will have regard to the symmetry, early maturity, size, and general characteristics of the breeds which they judge. They will make proper allowances for age, feeding, and other circumstances of the character and condition of the animal. *They are expressly required not to give encouragement to overfed animals*, especially in the breeding classes. No premiums are to be awarded to Bulls, Cows, or Heifers, which shall appear to have been fattened for the butcher; the object of the society being to have superior animals of this description for breeding purposes.

☞ No person whatever will be allowed to interfere with the Judges, during their adjudication, and any person who, by letter or otherwise attempts an interference with the Judges, will be excluded from competition.

The judges on stock, if not satisfied as to the regularity of the entries in their respective classes, will apply to the Secretary for information; and should there be any doubt after examination, of their coming within the regulations, or if any animal is of such a character as not to be entitled to exhibition in competition, they will report the facts to the Secretary for the consideration of the Executive Committee, that such course may be adopted as the case may require.

The Judges are requested to hand in their reports to the Secretary as early as 10 o'clock, on the morning of Thursday, and as much earlier as possible.

Removal of Animals and Articles.

Articles and animals removed from the ground before the close of the exhibition, (except by permission of the President,) cannot receive a premium, though awarded.

General Rules Applicable to Animals.

The Judges shall in all cases withhold premiums where the animal is not worthy, though there be no competition.

[illegible] animals at the last state fair will be allowed to compete for prizes, but they must receive a [illegible] or in a different class, to entitle them [illegible]. In all other cases a certificate will [illegible]

Annual Address.

[illegible] will be delivered on Friday afternoon, by Hon. Levi Hubbell.

Award and Payment of Premiums.

The award of premiums will be read by the Secretary immediately after the close of the address, after which the Treasurer will pay them at the business office till the close of the day, and on Saturday, at the rooms of the Society, at the United States Hotel. The reports of the Judges will be published in the Transactions of the Society.

Reports of the Judges.

The Judges, especially those on animals, will be expected to give the reasons for their decisions, embracing the valuable and desirable qualities of the animals and articles upon which premiums are awarded. And as one great object of the Society is to collect valuable information upon subjects connected with Agriculture, the several viewing committees are requested to gather all the information possible from exhibitors, in their respective departments, and make their reports as full as time and circumstances will permit.

Discretionary Premiums.

No viewing committee will be allowed to award any discretionary premium; but whenever any articles of merit superior in their character, are presented, and which are entitled to special commendation, the Judges are desired to notice them particularly, and refer them to the consideration of the Executive Committee.

General Rules for Judges.

In all articles and animals on exhibition, when competition is not made, the judges *shall withhold the premium*, unless the article is of such manifest superior merit as to be clearly entitled to the award.

In all cases *where there is competition*, but where none of the articles or animals are of sufficient merit to receive the rank of *first rate* or *second rate* the judges shall *withhold the premium* and report the same to the Executive committee. When there is but one exhibitor, although he may show several animals in the same number, only one premium will be awarded; that to be the first, or otherwise, as the merits of the animal or article may be adjudged.

Miscellaneous and Discretionary Department.

The Judges on Miscellaneous and Discretionary articles, in making their awards, will recommend what, in their opinion, is, a suitable premium; but, IN ALL CASES, THE DIPLOMA OF THE SOCIETY IS TO BE AWARDED ONLY AS EVIDENCE OF SUPERIOR MERIT.

Notice to Competitors.

Articles and animals which have heretofore received the first premium of the Society, may be allowed to compete, and if adjudged superior to any other on exhibition, the certificate of the Society to that effect will be awarded.

Notice to Exhibitors.

The Executive Committee will take every precaution in their power for the safe preservation of Stock and articles on exhibition, but will not be responsible for any loss or damage that may occur. They desire exhibitors to give attention to their articles, and at the close of the Fair, to attend to their removal. A neglect of this precaution occasions much inconvenience to the exhibitors as well as to the Society. A well regulated *Police* will be on the grounds during the whole exhibition.

It is desired to open correspondence with all farmers, and to aid them in their pursuits.

Agreement with Tavern-keepers.

The subscribers, proprietors of public houses in the city of Milwaukee, pledge ourselves to the Wisconsin State Agricultural Society, and to the public, that we will not charge for board and lodging, per day, during the week of the Fair, to be held in October next, more than the amount set opposite our respective names.

MILWAUKEE, Sept. 20, 1852.

FROM OUR N. YORK CORRESPONDENT.

NEW YORK, Monday Sept. 20.

We are in the midst of a musical *furore* hardly less serious than the *Lind* fever. SONTAG—the inimitable Sontag—is to make her debut this evening at the beautiful Metropolitan Hall, and every seat is engaged. Her renown is great, and the privileged few who were admitted to the rehearsal—and the exclusion was very strict—none but those concerned, more or less, in the future performances, being admitted—are unanimous in exclamations of delight at her unsurpassed voice and matured skill. Personally, she is of attractive and prepossessing manner and character, and returns to professional life with all the grace and cheerfulness which adorned her earlier career. Her husband—the Count Rossi, of Piedmontese origin, has long been in the diplomatic service of his country; but impoverished by political changes, and with a family to provide for, she resumes the exercise of a talent derived from nature, carefully improved by culture, and which she has not, in her prosperity, suffered to rest. She will, both by her character and her skill, command success.

ALBONI, too, is a marvel of sweet sounds, uttered with so much fluency and fulness as to carry one away with admiration. Certainly art was never more consummately concealed—and that is the perfection of art—than in her case; for although it is known that she is a laborious student, and has been thoroughly trained in the more approved Italian methods—when you listen to her mellifluous and flowing notes, you can hardly persuade yourself that it is other them the irrepressible overflow and outpouring of a musical voice and nature that must have utterance, and disdains rules, while exactly conforming to them. Nor is it in fine voices, or one or two brilliant stars alone, that our concerts are now taking rank with the best given anywhere, and are really high artistic performances;—the instrumental music of the admirably trained and numerous orchestras—harmonized voices of large choruses of men and women—add charm and attraction to every concert—hardly second to that of the principal singer. Music, indeed, is now developed as one of the *necessities* of our people, and the taste is too general, and too well cultivated to take up with any other than very good music. There are those among us who object and grumble about the large sums paid to *foreign singers*, but it may be well doubted whether these sums, collected as they are, could be applied or made available at all in any other shape, to any purpose so harmonizing and so refining as good music. I hope Sontag, as well as Alboni, like Jenny Lind, will carry back to Europe large and substantial returns for her venture over the seas, and her appeal to the liberal tastes of our people. We shall then ensure, in times to come, the visits of other notabilities in art, and it will come to be received in Europe, as a fixed fact, that this new nation—new comparatively—is never to be left out of the account of those who, by preeminence in any line of talent publicly exercised, challenge public reward and distinction.

Gen'l SCOTT, you will see, on his way to Kentucky to select a site for a Military Asylum (for old soldiers) has been seized upon in Pittsburg and pressed into the service of the Whig candidate for the Presidency. I wish he could be seen and heard by all the voters of the U. S.—for they would see in him a *man* upon whom—

Every God doth seem to set his seal—

a man in form, in mind, and in deeds—every inch a man and a patriot, whom every American could present with equal pride and pleasure—both his friends and his enemies—if enemies he can have, who has no enmities himself except against meanness, falsehood, cowardice, and vice.

Our political canvass is becoming daily more active, and hope, as the time for decision approaches—almost takes the character of certainty. We shall do grandly in this State, and even in this city, where such large calculations have been made by the adversary, upon the lukewarmness of the disappointed Webster and Fillmore men. There will be no appreciable trace of that disappointment in November, and you may make up your minds to a report from the city, which will both surprise and delight you. Mr. Webster, indeed, continues contumacious—much to his own discredit—but with very little influence upon the Whig cause. He cannot, even in Massachusetts, divert a single electoral vote from General Scott, and elsewhere his present course has lost him "troops of friends," and reduced him, whom the general estimate ranked as a giant among men, to very small dimensions, as a true man.

I am just interrupted by an account that Madame Sontag is so seriously indisposed as to be obliged to postpone her Concert announced for this evening. This is indeed a great disappointment, and can hardly be repaired as to many transient persons who stayed over to hear her sing—but who will not, for the most part, be able to prolong their stay in the city. I trust the malady may be brief and not severe, and that she will be able soon to gratify the thousands waiting her appearance,

The favorite steamship *Pacific*, you will see, has made another of her flying trips. The political and commercial intelligence by her is of little special interest. The London *Times* is reading us a moral lecture on the evil consequences of *grabbing* neighboring territory. It reasons rightly enough, but it lies not in the mouth of any English journalist or statesman to affect to preach moderation to us, when the example of that country so habitually contradicts all these fine homilies. But there is one notable characteristic of this article of the *Times*. It does not any longer assume to bully nor to threaten us, in certain contingencies, with the power of Mr. Bull. That paper seems to have learned that we are rather too strong now to be moved by menaces.

A GENEROUS ACT.—At the reception of Gen SCOTT, by the People of Columbus, Ohio, a German Blacksmith, named FELLERS, was very severely injured by the premature discharge of a cannon. The following morning Gen. SCOTT called to see the sufferer and gave his wife $30. In the course of the day, notwithstanding the efforts of the physicians to save him, the poor fellow died of his wounds. Hereupon the General, with characteristic kindness, sent the widow his check for $400. As much more was contributed by the sympathizing citizens of Columbus.

ANOTHER MARE'S NEST.—The *News* is indefatigable in circulating false statements for effect at the November election. Not content with the discomfiture of its party in their onset upon Secretary Corwin, it has now got up another marvellous story about expenditures by the officers in charge of the Mexican boundary survey. Rolling up its eyes in holy horror, the *News* mournfully ejaculates:

> That sum would have built good and substantial harbors at Milwaukee, Racine, Kenosha, Port Washington, Sheboygan and Manitowoc.

A great deal of good would the money have done to our harbors, if the *News*' party had been relied upon for appropriations!

MEETING ON SATURDAY EVENING.—The Scott Volunteers met in crowds on Saturday evening at their Head Quarters, and had a lively time. MR. PALMER, of the 2d Ward, opened the ball with a stirring speech, going over the issue of the campaign in an effective style. He was followed by GEO. E. A. DAY, Esq'r, who has long trained in the Democratic ranks, but who came out thus publicly for SCOTT and GRAHAM, stating frankly his reasons therefor, in the opposition of his old party to the interests of the West, as to protection to Home Labor, and Internal Improvements. Others followed Mr. Day, and the meeting broke up in capital spirits, every volunteer determined to do his whole duty for the good cause.

STATE FAIR.—Particular attention is invited to the regulations for the State Fair, which we publish in the *Sentinel* this morning. Members' tickets, admitting the holder during the four days, can be had of Mr. INGHAM, the Secretary, at the United States, and our citizens can save themselves a great deal of trouble by obtaining them this week.

City Matters.

☞ THE PANORAMA which opens to-morrow evening must be well worthy of the patronage of the public. It is not often that we see such testimonials to the accuracy of delineations of natural objects as the following from the venerable Prof. SILLIMAN, of Yale College:

NEW HAVEN, May 20th, 1850.

DEAR SIR:—With little disposition to search for imperfections in a picture of so high an order of merit, I can truly say that this production of your pencil has afforded me the highest gratification. The correctness and impressiveness of the perspective—the grandeur of the rocks and hills—the magnificence of the caverns with the dark recesses and rich drapery of stalactites—the exuberant richness of the vegetation from forest trees to vines and shrubs, and both adorned by the richest and most beautifully colored flowers—the correct delineation of the animals and birds, from the lion and elephant to the dove and the bird of Paradise, and above all, the human pair in the moral sublimity of innocence, purity, and reverence for their Creator. All these features of your great moral drama fill the observer with delight and astonishment, not without painful foreboding of the impending catastrophe. With the best wishes for your success, I remain, dear sir, truly, your friend.

B. SILLIMAN, *Senior.*

☞ MR. THOMAS D'ARCY MCGEE, the editor of the American *Celt*, delivered a very interesting lecture, last eveing, to a crowded and appreciating audience. His subject was "the Irish in America," and it was admirably treated. Mr. MCGEE leaves our city, on his homeward journey, this morning; having made many friends, during his brief sojourn here, by his gentlemanly and unobtrusive manners and his agreeable and instructive conversation.

SABBATH DESECRATION.—The residents of the First Ward were exceedingly annoyed last evening by the shouts and drunken orgies of Sabbath revellers.—*Wisconsin* of yesterday.

The adoption and enforcement of the Sunday Ordinance will do much to prevent a repetition of these outrages. Will not the *Wisconsin* unite with us in urging the Common Council to pass this Ordinance without delay?

DISTINGUISHED ARRIVALS.—The Committee from the PIERCE association of this city returned last evening, bringing with them Senator DOUGLAS of Illinois, Lt. Gov. WELLS of Illinois and Senator A. C. DODGE of Iowa. Messrs. CASS, SHIELDS, HOUSTON, VAN BUREN &c, who were expected to be of the party; did not come. Senator DOUGLASS speaks at the Market Hall to-night.

EXCURSION TICKETS TO WHITEWATER.—Tickets for the railroad excursion to Whitewater are to be sold at *half-price*. On the 29th, (to-morrow) they may be obtained at KIRBY'S Jewelry Store. A train, returning from Whitewater, is to leave that place at 3 o'clock Friday morning.

LIFE OF GENERAL SCOTT IN FRENCH.—We have received a supply of the life of Winfield Scott in French. There are quite a number of our citizens who speak and read that language as their vernacular. They will doubtless be glad to read something about the old hero in their own tongue.

GROSS RECKLESSNESS.—On Saturday evening, a boy, who was on the top of McCrea & Bell's new building, threw a brick at another boy on the side walk, striking him on the head, and injuring him very severely, so much as to endanger his life.

☞ MR. M. W. CLARKE has a large sale of Dry Goods at his Auction Room at 10 o'clock *this* morning.

AUCTION SALE.—WALL'S large sale of oil cloths, and also of groceries, to-day, is well worthy of the attention of those who look out for bargains.

SPECIMENS OF AMERICAN SKILL IN MANUFACTURES.—We were highly delighted yesterday, at inspecting some specimens of American raw and dressed silk handkerchiefs, dressed silks, cravats, vest patterns, &c., which are manufactured at Newport, Kentucky. They are of a most beautiful fabric and texture, and far superior, we doubt not, to most of the imported articles.—*Detroit Free Press.*

How is this? It seems that even in the finest fabrics Yankee ingenuity and enterprise can successfully compete with "foreign pauper labor," without the aid of a protective tariff.—*News.*

"American ingenuity and enterprise" *can* successfully compete, in this or any other branch of business, if government will protect the American laborer against foreign pauper labor until our infant manufactures can get a start. These "specimens" show what our people can do. If the manufacture had been properly protected years ago, we should have had abundant supplies of silk goods at a far cheaper rate than now.

BAD BUSINESS.—Some fatality hangs over the pole operations of our democratic friends. They got one up in every respectable order at last, on Saturday evening. Yesterday morning they rigged a U. S. flag, with another inscribed *Pierce and King* below it, and tried to run them up. But they only went up to *half mast*, and there remained all day, in spite of the utmost efforts of the faithful.

A consultation of the political doctors is to be held to-day to see what can be the matter. Dr. DOUGLAS—a distinguished practitioner from Illinois, and the identical individual who discovered the method of raising the price of western produce by levying a tonnage duty at every port hence to Buffalo, on the vessels carrying it—is understood to be present. Others were announced, but we have not heard of their arrival.

WONT FACE THE MUSIC.—The following invitation from MR. SHAFTER, to his "Pierce and King" competitor, JOHN B. MACY, to canvass the Third Congressional District of this State, in company, has not yet elicited an answer from the latter gentleman:

Sheboygan, Sept. 17th, A. D. 1852.

HON. JOHN B. MACY—

Dear Sir:—As yourself and the undersigned are candidates for Congress in this District, I deem it proper to say, that I propose to canvass the district in person, and strongly desire the pleasure of your company in such canvass. I beg to be advised at the earliest opportunity of the arrangement most convenient for yourself. I deem it further necessary, to say that in the absence of any such arrangement I will notify you through the public prints, of when and where I shall meet with the people of this district, and give you an opportunity to be present if you shall so desire.

Respectfully yours,
J. McM. SHAFTER.

☞ OUR PIERCE friends, with a band of music called upon their guests at the U. S. Hotel, last evening, and called out Senators DOUGLASS and DODGE, who each made a brief response, and met with a cordial reception. "Three cheers for PIERCE" were called for and given *rather* faintly, and then, the regular proceedings being over, "three cheers for SCOTT," were given *with a will!*

☞ Gen. Cass; Senator Douglass, Col. Weller (of California,) Gen. Shields and Hon. I. P. Walker, will be here without fail Gen. Dodge, Sam Houston and John Van Buren are expected. —*Wisconsin* of yesterday.

Of the gentlemen named as to be here "without fail," Senator DOUGLASS was the only one who came yesterday. None of those announced as "expected" have arrived. Other speakers however, will no doubt supply the vacancies thus created.

RAILROAD FROM RACINE TO THE MISSISSIPPI.—The books of this company were opened at Racine on the 20th inst, and the necessary amount subscribed. The commissioners organized by appointing HENRY S. DURAND President, MARSHALL M. STRONG Secretary, and CHAS. S. WRIGHT Treasurer.

"INTOLERANCE AND BIGOTRY."—The *News* makes itself very unhappy about some alleged offences of the Buffalo Superintendent of the Poor. The Whig County Convention took the shortest method with the individual referred to. He was a candidate for nomination to the same office again, and they left him in private life by a vote of 73 to 5.

PLANK ROAD COMPLETED.—We are pleased to learn, as we do from the Sheboygan *Mercury*, that the plankroad between that place and Fond du Lac is completed. The road is destined to do a very large business, and accommodate the trade of a large section of country, and cannot fail to be profitable stock.

The Judicial Election.

The Election for the three Justices of the new Supreme Court of our State took place yesterday, and we lay before our readers, this morning, all the returns we were able to obtain up to the hour of going to press, last night. They are too meagre and partial to afford any certain indication of the result. It seems, however, to be conceded that EDWARD V. WHITON, the Independent candidate for Chief Justice is elected by a decisive majority, while opinions differ as to the result on Associates, Mr. MARSHALL M. STRONG, on the Independent, and Mr. A. D. SMITH, on the Democratic ticket, appearing to have the best chance.

In this city the contest was animated but quiet and the vote cast about two-thirds of a full poll. JUDGE WHITON leads Judge LARRABEE 222 votes, Mr. SMITH beats Mr. STRONG *three* votes, and Mr. CRAWFORD is 61 ahead of Mr. KNOWLTON. The result, an average majority of *fifty-six* for the Independent ticket, is a highly gratifying one to the friends of the Independent nominees, and a serious disappointment to the supporters of the regular party ticket.

GENERAL SCOTT.—There was a considerable crowd at the Calvert Station yesterday morning, to witness the departure of Gen. Scott for the west on the business of government. On appearing on the platform of the car, he was greeted with three cheers, and we had the pleasure of viewing his noble form and manly countenance for the first time in our lives, though under his command for a short period in 1844, in this city.

As we never expect to receive either a loaf or a fish from him, in case of his election to the Presidency, we have no personal motive to induce us to praise him, but we say, that, were we disposed to be his enemy, the foul charges and fabrications which have been published against him, would warm our hearts towards him. As a General we doubt wether his equal lives; and as an honest, humane and honorable man, he can stand a comparison with any man. The testimony of those who have served under him, proves, that, in performing the stern duties of the commanding general, he never lost the humane feeling of the man. We have heard narratives of his gentleness, tenderness and humanity towards the sick and wounded, which brought tears into the eyes of the speaker—and disconnected from all political considerations, we could not repress our love for the man. Some of the most admirable traits in the character of Napoleon, were his kindness to his men—but, in this particular, he has been surpassed by Gen. Scott—he visited, soothed and relieved the sick, even at the risk of his own life. Such humanity on the part of a successful general—such regard for the welfare of the common soldier—cannot fail to exalt him in public estimation, far above the reach of falsifiers and slanderers, who would tarnish his glory as a military chieftain, and his reputation as a private gentleman. Malignity may essay to stigmatize Gen. Scott with cowardice, fraud, &c., but the American people, whether they elect him to the presidency or not, will never cease to feel grateful for the great services which he has rendered to the country.—*Balt. Clipper.*

"NOW AND THEN!"—A correspondent of the Boston *Atlas* thus compares the recent State election in Vermont, with that which immediately preceded the Presidential election of 1848:

Then the majority against the Whig candidate for Governor was 6462; now our candidate lacks some 500 to 600 only. Net Whig GAIN nearly 6000 votes. Then there was an opposition majority of *ten* in the House of Representatives, and only *two* Whig majority on joint ballot. Now the Whig majority in the House is TWENTY or over, and the majority on joint ballot over THIRTY.—Then we elected but one member of Congress out of four, on the first trial; now two out of three.—Then the majority against the Whigs on the Congressional vote was over 5000; now the clear Whig majority for Congressmen, over all opposition, is about 1000. Then Gen. Taylor was 1663 votes behind Cass and Van Buren; now, we can assure the Post, Gen. Scott will receive 5000 majority over Pierce and Hale, and from 12,000 to 15,000 over Pierce.

RAILROAD FROM MILTON TO JANESVILLE.—The Janesville *Gazette* says, with reference to the branch railroad from Milton southwesterly:

> The Milwaukee railroad is now completed and in running order to Whitewater, 20 miles from this place. The grading is finished to Milton, and a large force is now employed between Milton and Janesville. We were out upon the line a few days since, and were surprised to find so much work done. It is well worth the time to visit, to see how fast the road is progressing. It is the intention of the contractor, Mr. Flanders, to have the cars in Janesville before the time specified in his contract, namely the 1st of December.

DEATH OF BISHOP CHASE.—The Chicago papers announce the death of this venerable prelate. It occurred at his residence, near Peoria, on the 20th instant

GALPHINISM.—The exact amount of the deficit of the late Locofoco State Treasurer, Peter G. Glover, as ascertained by the committee of the Legislature appointed to examine his accounts, is stated at $37,046 91. Two, if not three of the Treasurers immediately preceding him, were also defaulters.—*St. Louis Republican.*

THE REINDEER EXPLOSION.—Mr. Thomas Quigley, and his daughter Miss Phœbe Ann Quigley, have died at Malden, from injuries received by the explosion of the Reindeer. They are both from St. John's, Porto Rico. The whole number of lives lost by this calamity is now known to be thirty-seven.

From the U. S. Gazette.

SPEECH OF GENERAL CASS,

At TAMMANY HALL, N. Y., SEPT. 20, 1852.

Done into English from the N. Y. Herald's Report.

It is good for me to be here!
It is good for me to come up to this hall;
For if we don't work the hardest we can,
Old Winfield will carry off all.
It won't do the whigs to elate,
We've too much dirty linen at home;
And the people would never believe,
A word from our lips that would come.

[Here the distinguished orator divested himself of his coat.]

I knew Winfield Scott, and I know
He is able, and worthy, and brave;
And I can't say a word against him,
Although all your voices I crave
For General Franklin Pierce,
Who has never done any harm,
Although in the battle he fainted,
Because it was so very warm.

[Here the honorable gentleman divested himself of his cravat.]

It is very warm work, you perceive,
It's up-hill work speaking for Frank;
He's opposed to all the old Tombstones,
To Nullification and Bank;
The Bank that great Jackson destroyed,
John Adams' Law of Sedition,
The stamp of old George the Third,
And Madison's Treaty, on "Fishing."

[Here the Honorable gentleman divested himself of his vest.]

Whew! it's too hard for such an old fogy!
Brave Scott fought his great country's battle;
And I, too, stood shoulder to shoulder,
While thick the iron hailstorm did rattle.
But nevertheless vote for Pierce:
He's "Hobson's choice," boys, for all,
And so I must say he is mine;
Don't you wish he may get it next fall?

[Here the honorable gentleman divested himself of his pantaloons.]

Republics they say, are ungrateful;
In my case the story's a silly one;
I'm thankful for what I have got,
And I haven't got less than a million.
And when you have worked all you know,
And whig principles ever derided,
Perhaps you may see Mr. Pierce
Come as near being elected as I did!

[Here the distinguished orator divested himself of his shirt.]

And now let us vote for Scott;
I beg pardon, boys, I mean Pierce;
But this up-hill work is hot,
And in future, I'll make myself scarce;
I'll not speak for him more, boys, that flat,
But see him in Coventry, rather—
"The "Father" I'm called of Democracy—
It's a wise child that knows his own father."

[Tremendous cheering. At this period, the Reporter left, while a party of enthusiastic Democrats were tugging away to get off the old gentleman's boots.]

WORTHY OF ALL CONFIDENCE.

DR. STORM'S CELEBRATED SCOTCH COUGH CANDY.—No medicine ever invented has gained more popularity than this, nor is there any more deserving of it. There are so few compounds worthy the high merit claimed for them, that when one which is really destined to benefit the afflicted is put forth, we are slow to believe our most intimate friends, when they praise it. But Storm's Scotch Cough Candy is sold at a price so low, it must be evident to all that if it did not sustain a good reputation, enough would not be sold to pay for advertising. Almost every person that uses this article according to direction will feel justified in recommending it to others, it needs but a small outlay of money and time to satisfy the most sceptical that it is worthy of all confidence as a remedy in diseases of the Chest and Lungs.

Price, One Dime per Roll; 3 Rolls for 25 Cents; or $1 per Doz.

A handsome engraving of the Scottish Coat of Arms, and the written signature of Hamilton Wade, (proprietor,) is on the outside wrapper of each roll or package.

PIANO WANTED.—ANY PERSON a first-rate Piano to rent for $5.00 a month, of an opportunity by applying at this office.

VOLUME VIII. MILWAUKEE DAILY SENTINEL. NEW SERIES.

DAILY SENTINEL.

From the Ohio State Journal.

A Vile Slander Refuted—Brilliant Speech of General Scott to the Germans.

Judge HEYL waited upon Gen. SCOTT, and on behalf of some of our German citizens referred to a paragraph from the *Westbote*, a German paper published in this city, and containing the statement that Gen. Scott tied to a tree and flogged fifteen Germans, while in Mexico.

Other charges, of his having hanged others, cruelly and unjustly, were also referred to.

Never have we witnessed a scene more imposing, than when the old chieftain, with quick and indignant response, repelled the false and malignant charge. Lofty in stature, and standing at least four inches above the tallest of those among whom he stood, his form seemed gigantic, as with heightened color and with flashing eye, and a wave of his hand that expressed a calm defiance of all such assailants, he uttered his emphatic protest against such assaults as that paragraph presented:—

"Now, and before unknown to me, are such things as have been told me. They surprise and they pain me. They at once concern all that I value personally, and aim a blow at all that, wherein, if I know myself, I have the highest pride. They attack my own identity! The principles for which, I had believed, I need never search my own bosom in vain, are here undermined or denied me! I am met with charges of injustice and cruelty—while leading an American Army through Mexico, and while participating alike in its trials and triumphs!

"Gentlemen, it was my lot to lead an American army upon a foreign field. I went, resolved to sustain, in the fore-front of my progress, the high-tide-water-mark of our own American civilization, in all its moral and civil virtue. The standard of our own and not the practices of that foreign country, was the standard which I sought for the government of men's passions and the control of the license and excesses of war. Alike to Americans, whether native or of foreign birth, and to Mexicans, I declared my purpose, and expounded my principles of action.

"I promulgated the martial code. Doubtless you all have heard it. I deemed it necessary. I could do nothing without it. It announced the spirit of our progress, and held amenable to punishment all who forgot manhood, and threatened to bring shame upon our flag—dishonor to our arms—or a reproach upon our virtue! Without it, we had not conquered, or if we had conquered, the brightest trophy of our conquest had been wanting. It would have been a physical triumph, and a physical triumph alone. Humanity would have disowned us. I promulgated that order.—Read it, and read it again, gentlemen, and then bear me witness, that it was in my heart, as it was almost hourly on my lips, for continued months, to carry with American arms, and under the American flag, even into an enemy's country, all the elements of social order, and that regard for personal right, that belonged to our own free institutions in the United States.

"Yes, I sought to carry with me, and resolved to maintain, at all hazards, among my own command, and also that people among whom we should be thrown, that high standard of virtue, and honor, which we boasted at home: Had I not been less than an American, and recreant to the highest interests of humanity, and the age we rejoice in, if I had done less? They say *I hanged some Germans*, and tied up and flogged others. Gentlemen, *some persons were* hanged in Mexico. The names of all of them I do not now recollect. Whether any were Germans or not, I know not. But for *what*—yes, for what were they hanged? I hanged one for murder, gentlemen; I hanged one for rape upon an innocent young female, and for profane and wicked Church robbery. *All knew the law* that was over them. Every man of them knew he would be held as answerable for vile misdeeds against the laws of God and man, as if he were upon American soil!

"*For such crimes they suffered*—for such crimes as here, in your own Ohio—a land of law—would have brought down upon them severe penalties, and with *equal justice*. Some did suffer *Death*! But their trial was fair, impartial, and upon the same principles of solid law upon which they would have been adjudged guilty, here, among you. Do some say I hanged fifteen Germans, and that others were arraigned and flogged without cause or trial? Gentlemen, I know nothing of it. It is false—it is a *lie*—an invention, gentlemen—a LIE. I see aged citizens before me. I see eminent lawyers here. And gentlemen, you see *me* much *excited*. But is it not for cause? *For one, who, for fifty years has scarcely ever walked, rose, slept, or eaten, or even taken a cup of cold water, in the field, the town, or the camp, but that his thoughts were of his country—her virtues—her renown—her honor: to be thus assailed*—it is MONSTROUS—it is INTOLERABLE! Gentlemen, I did, with a high hand, sustain the law, which, with uprightness in my heart, I *determined* to sustain. I did hang for *murder*! I did hang for *rape*! I did hang for *treason*! and I flogged thieves and pickpockets! For, gentlemen, let me again say, I not only carried with me, but I resolved, with every resource I could command, to *sustain, fearlessly and effectually*, in its virtue and its choicest blessings, not only to my own command but to defenceless and peaceable Mexicans, that civilization—yes, *that Christian* civilization of which I was proud to believe that an army might appear a worthy representative.

"But, gentlemen, I was no respecter of persons. *American or Mexican—native born or foreign born—whoever knew the law and obeyed it not—whoever*, reckless of his own responsibilities, and the rights of others, trampled under foot and set at naught the law that was over all, I did hang for the crimes stated, and I would have hung an hundred seekers of innocent blood, and violators of female chastity, if so many had been the offenders! And for this, perverted and misshaped, I am made answerable to a charge against which every feeling revolts, and which my whole nature and my whole life repel. No, gentlemen, it is a lie, (the charge as made, or that any were wrongfully punished,) a false and groundless lie. I am not unthankful to my good friend who has told me of these things! It was right. But, gentlemen, I stand here before you, and declare, as I have already declared, and again declare, that the principles that governed my command in Mexico, are those of my life. To that life in my country's service, I need not appeal in vain for an answer now. With equal freedom and confidence do I throw myself upon the honest verdict of every man, who, with me, served his country in the fields of Mexico."

H. H. RAYMOND'S
Spherical Disinfecting Fluid,

FOR purifying the air of sleeping and sick rooms, cabins and holds of ships, particularly for passenger ships, at sea or in port, prisons, jails, crowded rooms in general, from offensive, close and infectious air of all kinds, including the infectious spheres of cholera, ship, typhus, yellow, bilious, scarlet and other fevers of our own or Southern and Western climates, in cities and towns, on land and water. Also, for disinfecting the bodies, clothes, and trunks of persons who are in or have been in the atmosphere of infectious diseases.

This fluid is healthy to breathe or take internally, and instead of filling the room with a choking irrespirable air, as the chloride of lime and other chemical preparations in use do, it makes the whole air sweet and salubrious, and at the same time strengthens the respiration and enlivens the spirits of those present, by its balmy, fragrant and tonic influence.

The Following Certificate

selected from a number, can be seen at the store of the agents:

ASTOR HOUSE, New-York, 27th April, 1850

We have used H. H. Raymond's Disinfecting Fluid, and recommend it to all as an excellent article, the best we have ever used.

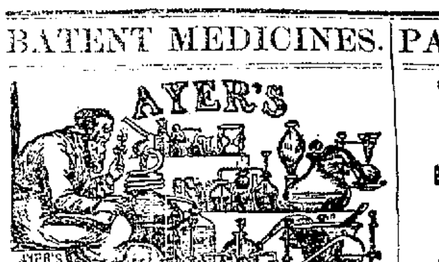
PATENT MEDICINES.



CHERRY PECTORAL

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

MANY years of trial, instead of impairing the public confidence of this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys.— While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every state, city, and indeed almost every hamlet it contains, Cherry Pectoral is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, CHERRY PECTORAL is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of the lungs.— Also in milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood.

The CHERRY PECTORAL is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

It is also an excellent remedy and unsurpassed by any medicine in use, for females suffering from uterine or nervous derangement.

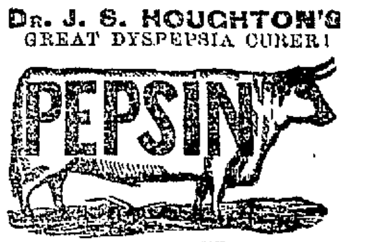
PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S GREAT DYSPEPSIA CURER!



THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful.

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.— His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. 'In all cases,' he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "it has been a question whether artificial digestion could be performed —but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. HOUGHTON'S PEPSIN has produced the most marvelous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copywright and Trade Mark secured.

THE WORLD'S FAIR PREMIUM SAFES.

DEPOT,

Green Block, Water St.,

(Between Maiden Lane and Wall Street.)

NEW YORK.

THE SUBSCRIBER PLACED HIS FIRE AND BURGLAR-Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an impartial jury awarded a medal.

The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior Safes within the last thirty days, (and can, with many others, be seen at my store,) viz. Messrs. Stillwell & Moutross, and Mr. J. L. Watkins, in the Fulton Street fire; Messrs. Fisher & Robinson, and Messrs. John Lockwood & Co., in the great fire corner of Liberty and Nassau Streets, and Messrs. Proud & Bowman, in Jersey City.

I am the proprietor of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston,) at the World's Exhibition, and is considered the best Lock for the price, ever invented, being proof against powder, and the Key is no larger than a cent, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.

JAMES G. WILSON,
May 19, 1849. Philadelphia."

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

HAWKINS' STAVE DRESSING MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves PER HOUR,

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length of any reasonable width, and to *any requisite bilge,* and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is them ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

R. R. R.

RADWAY'S READY RELIEF,

Is the first and only remedy ever recorded in the Medical History of the World that has stopped the most violent pains in a few seconds.

IT WILL STOP

THE MOST SEVERE PAINS

IN A FEW MINUTES, AND CURE THE MOST OBSTINATE AND TORMENTING RHEUMATIC, NEURALGIC AND NERVOUS COMPLAINTS

IN A FEW HOURS,

INTERNAL AND EXTERNAL.

IT WILL STOP

THE MOST EXCRUCIATING PAINS,

IN FROM THREE TO FIVE MINUTES!

AND HAS CURED

Rheumatism	In Four Hours.
Neuralgia	In One Hour.
Croup	In Ten Minutes.
Diarrhœa	In Fifteen Minutes.
Toothache	In One Second.
Spasm	In Five Minutes.
Cramps	In Five Minutes.
Sick Head Ache	In Fifteen Minutes.
Chill Fever	In Fifteen Minutes.
Chillblains	In Five Minutes.
Sore Throat	In Four Hours
Influenza	In One Hour.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belledonna Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.*

If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as round and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAY'S MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 3d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY,

One of the best literary papers published, said, August 25 "DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficiency in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 24, says:—"A Medicine—We speak knowingly of Dr. Hoofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co, of Buffalo, which is a worthless imitation and the pamphlets a "BASE COUNTERFEIT" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud."
